

KNOWLEDGE EMPOWERS INDIVIDUALS, COMMUNITIES AND SOCIETY.

ADULT EDUCATION CENTER POSTOJNA

At Adult Education Center Postojna, part of Zavod Znanje Postojna, we believe that learning never stops. As a public center for lifelong learning, we empower people through knowledge, digital skills, and innovation – building a stronger, more connected, and future-ready society. Our mission is to promote lifelong learning, personal growth, digital inclusion, and social participation, contributing to the sustainable development of the local community through the synergy of education, culture, and entrepreneurship.

TARGET GROUP

Our diverse programmes are tailored for adults, young people, and vulnerable groups who wish to continue their education, strengthen their digital and professional competences, or successfully re-enter the labour market.

PARTNERS AND SUPPORT

We collaborate with local municipalities, schools, employment services, NGOs, and European partners to co-create innovative and digital learning environments that respond to both local needs and global challenges.

REACH AND IMPACT

With over 62 years of experience, more than 1,000 participants each year, and 80+ educational events annually, we continue to expand access to learning and shape a community that values knowledge and digital literacy as keys to progress.

We believe that education should be practical, inclusive, digital, and inspiring. Our approach blends formal and non-formal learning, mentoring, and community-based initiatives, using technology to make learning more accessible, engaging, and impactful.
